Notes: -

- The above financial results have been reviewed by the Audit Committee and approved by the Board
 of Directors of the Company at its meeting held on 27th June, 2020.
- 2) These results have been prepared in accordance with Indian Accounting Standards (Ind ASs) notified by the Companies (Indian Accounting Standards) Rules, 2015 as amended and as prescribed under Section 133 of the Companies Act, 2013.
- 3) The Company has only one business segment of manufacture and sale of black tea.
- 4) Value of green leaf produced in the Company's own tea estates is not ascertainable. However, cost of materials consumed represents only cost of green leaf purchased from others.
- 5) Bank Charges were previously shown under the head Other Expenses as Miscellaneous Expenses. The Company has, from the current year, included such Bank Charges under the head Interest and Financial Charges as it would reflect in a more appropriate presentation of the financial statements of the Company. As such, the corresponding figures of the previous year have also been regrouped.
- 6) Impact of Covid-19 on the Financial Performance of the Company

The Company is involved in the business of cultivation of green tea leaves and manufacturing of black tea, which is of such nature that, maintenance and up-keep expenses related to the tea estates are incurred on a continuous basis irrespective of the fact whether any green leaves are plucked from the tea bushes or not and/or any black tea is produced or not. If more leaves are plucked, per kg. cost of plucked leaves comes down. The Company could neither pluck green leaves nor manufacture any black tea during the period from 23rd March, 2020 to 31st March, 2020 due to nationwide lockdown imposed by Government of India for the pandemic caused by COVID-19. This has resulted in an estimated lower production of tea from own leaf by 0.81 lac Kgs. during the year under review compared to corresponding period of the previous year.

Consequently, the quantity and value of closing stock would also have changed, had the above tea been produced in the normal circumstances, incurring an estimated amount of additional expenditure of Rs.37.68 lacs. The estimated value of closing stock in such a scenario would have been higher by Rs. 175.77 lacs.

Additionally, in view of non-plucking of green leaves due to lockdown in the subsequent plucking round beyond the reporting period, fair value less cost to sell of unplucked tea leaves on bush as on 31st March, 2020 is taken as nil. However, the estimated value of unplucked leaves on bush as on that date would have been at least Rs. 31.24 lacs, had the plucking been maintained at the same levels as in the corresponding period of the previous year.

Consequently, Loss before Tax for the year ended 31st March, 2020 would have been lower by an estimated amount of Rs. 169,33 lacs.

7) The figures of the last quarter for the current year and for the previous year are the balancing figures between the audited figures in respect of the full financial year ended 31st March and unaudited published year-to-date figures up to the third quarter ended 31st December.

 - is presented in accordance with the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, in this regard, and
 - (ii) gives a true and fair view of the consolidated total comprehensive income (comprising of net profit/loss and other comprehensive income) and other financial information of the Group for the year ended 31st March, 2020 in conformity with the recognition and measurement principles laid down in the aforesaid Ind ASs and other accounting principles generally accepted in India.
- 6. Notes: -

- The above consolidated financial results of the Group (B & A Limited the Parent Company and B&A Packaging India Limited - the Subsidiary Company together referred to as "the Group") have been reviewed by the Audit Committee and approved by the Board of Directors of the Parent Company at their meetings held on 27th June, 2020.
- 2) These results have been prepared in accordance with Indian Accounting Standards (Ind ASs) notified by the Companies (Indian Accounting Standards) Rules, 2015 as amended and as prescribed under Section 133 of the Companies Act, 2013. The Group has consolidated the financial statements of the Parent and Subsidiary Companies taking into consideration relevant adjustments.
- 3) Value of green leaf produced in the Group's own tea estates is not ascertainable. However, cost of materials consumed represents only cost of green leaf purchased from others.
- 4) Effective from 1st April, 2019 the Group has adopted Ind AS 116 "Leases" using modified retrospective approach in respect of the Subsidiary's leasehold land which has been treated as right-to-use asset. This has resulted in recognition of Rs. 3.20 lacs as cumulative depreciation up to 31st March, 2019, which has been adjusted from retained earnings as on 1st April, 2019. During the year ended 31st March, 2020, Rs. 0.16 lacs has been recognised as depreciation. In respect of the aforesaid lease the Subsidiary is required to make a fixed lease payments annually, the amount of which and the present value of the lease liability are not significant. Consequently, the Subsidiary has not recognised lease liability, finance charges or accretion of the value of right-to-use of the aforesaid asset in the accounts. Annual fixed lease payment is charged to Profit and Loss.
- 5) For Parent Company Ind AS 116 "Lease" is not applicable, in as much as, the lease in respect of its leasehold-land is perpetual in nature.
- Operating segments have been identified as Tea and Packaging taking into consideration the requirements of Ind AS 108, "Operating Segments".
- 7) The previous year figures have been regrouped as follows:
 - a) Parent Company Bank charges previously shown under Miscellaneous Expenses within the head Other Expenses, now regrouped to be shown under Interest and Financial Charges.
 - <u>Subsidiary Company</u> Part of current maturity of long term borrowings was erroneously included in non-current maturity in previous year and has been reinstated as current maturity.
- 8) Impact of Covid-19 on the Financial Performance of the Group
 - The parent company is involved in the business of cultivation of green tea leaves and manufacturing of black tea, which is of such nature that, maintenance and up-keep expenses related to the tea estates are incurred on a continuous basis irrespective of the fact whether any green leaves are plucked from the tea bushes or not and/or any black tea is produced or not. If more leaves are plucked, per kg. cost of plucked leaves comes down. The parent company could neither pluck green leaves nor manufacture any black tea during the period from 23rd March, 2020 to 31st March, 2020 due to nationwide lockdown imposed by Government of India for the pandemic

caused by COVID-19. This has resulted in an estimated lower production of tea from own leaf by 0.81 lac Kgs, during the year under review compared to corresponding period of the previous year.

Consequently, the quantity and value of closing stock would also have changed, had the above tea been produced in the normal circumstances, incurring an estimated amount of additional expenditure of Rs.37.68 lacs. The estimated value of closing stock in such a scenario would have been higher by Rs. 175.77 lacs.

Additionally, in view of non-plucking of green leaves due to lockdown in the subsequent plucking round beyond the reporting period, fair value less cost to sell of unplucked tea leaves on bush as on 31st March, 2020 is taken as nil. However, the estimated value of unplucked leaves on bush as on that date would have been at least Rs. 31.24 lacs, had the plucking been maintained at the same levels as in the corresponding period of the previous year.

Consequently, the consolidated Profit before Tax for the year ended 31st March, 2020 would have been higher by an estimated amount of Rs. 169.33 lacs.

9) The figures of the last quarter for the current year and for previous year are the balancing figures between the audited figures in respect of the full financial year ended 31st March and unaudited published year-to-date figures up to the 3rd quarter ended 31st December.
